

Public Notices, Workshops, and Fact Sheets
regarding US Filter Westates
Projected Activities after September 2004

These are public notices and workshops that EPA is likely to prepare for upcoming steps in the permit process. EPA will develop fact sheets based on level of public interest and need to address new topics or update current topics. Timing of each step is dependent on many factors, and cannot be determined at this time. (TBD = to be determined)

Month Year	Public Notice	Public Work- shop	Fact Sheet	Notes
TBD	✓			› announcing EPA's decision on air emissions test plan
TBD	✓			› announcing expected date for Westates to conduct air emissions test
TBD	✓			› announcing workshop on results of air emissions test
TBD		✓		› workshop on results of air emissions test
TBD	✓			› announcing workshop and hearing to receive comments on draft permit decision
TBD		✓		› workshop and hearing to receive comments on draft permit decision
TBD	✓			› announcing final permit decision
